Don't miss the chance to explore the city's thriving silk industry, where you can learn about the history of silk production and purchase exquisite handmade items.

In Suzhou, often referred to as the "Venice of the East," immerse yourself in the city's intricate network of canals, classical gardens, and traditional architecture. Stroll through the famous Humble Administrator's Garden, a UNESCO World Heritage Site, with its beautiful ponds, rock formations, and pavilions. Take a relaxing boat ride along the canals to experience the charm

of Suzhou's old town, where you can witness artisans at work and shop for silk and embroidered goods.

We continue to the vibrant metropolis of Shanghai, a city that epitomises China's rapid modernisation. Marvel at the futuristic skyline of Pudong from the Bund, a historic waterfront area along the Huangpu River. Visit the Yuyuan Garden, a serene oasis in the heart of the city, and explore the bustling streets of Nanjing Road for shopping and entertainment. As evening falls, enjoy a river cruise or dine in one of Shanghai's top restaurants, savouring the perfect blend of tradition and innovation that defines this cosmopolitan city.

We conclude our tour in Xi'an, where thousands of life-size sculptures of soldiers, chariots, and horses await you. Day 2

Beijing

After breakfast, we start our tour of China with a visit to a Jade Museum, where we will delve into the fascinating history of this material. In Chinese culture, jade is known as "Yu" and boasts a history spanning at least four thousand years. In addition, witness skilled local artisans busy at work, as they craft intricate designs using a wide variety of methods.

Following your museum visit, enjoy a scenic drive through picturesque countryside and mountainous landscapes as we make our way to China's most iconic monument, the Great Wall. Before our arrival, we'll also sample a range of local Beijing dishes for lunch.

The visual and historical impact of the Great Wall of China cannot be overstated. Stretching over 5,600 kilometres, the Great Wall winds through China's northern mountain ranges from the Yellow Sea to the Gobi Desert. Next, we visit Tiananmen Square - one of the largest public squares in the world, and a place of significant historical significance - on our way to the Forbidden City.

Considered a trip highlight, we will tour the Imperial Palace, officially known as The Palace Museum. Originally constructed between 1406 and 1420 under the reign of Emperor Yong Le, the Forbidden City has experienced numerous events throughout its long history, including fires, invasions and renovations. As a result, much of the architecture seen today reflects styles from the 1700s and beyond, showcasing the enduring legacy of this remarkable site.

It's **important to note** that due to the daily limit on ticket availability for the Forbidden City, entry cannot be guaranteed. If tickets cannot be secured due to limited availability, an alternative visit to the Temple of Heaven will instead be provided.
